

GIRL'S TIME

RESTORING HOPE & DIGNITY
Providing Reusable Feminine Hygiene Kits

Girl's Time started from a need, girls and women without feminine supplies. All women share this common bond: Our monthly period. But girls in rural Tanzania are using leaves, cardboard, old rags and anything else they can find to meet the need each month. There is a lack of supplies and a lack of money to buy disposable supplies (if they can be found). Disposing them leads to environmental problems. A girl will miss more than 50 days of school each year because of her period, causing problems with her education. Girls at school and women at work are met with much harassment and shame for a natural cycle of womanhood. There are many myths surrounding their periods. Education is needed. At our first meeting girls stood and cheered when they received their new supplies and "the good teaching". We are excited to help bring truthful teaching and a solution to their needs. Our CHaRA team is making reusable feminine hygiene kits that will be given to those in need. As part of this program we are taking our purity program to both boys and girls. They will learn God's way for sex and marriage. Respect and integrity will become part of their lives.

We pray they encounter God and know His true love!

CHaRA was birthed in 2006 by Ron & Carol McDonald knowing that it was "more blessed to give than to receive". CHaRA Birthing Hope Program began in 2009 with a group of ladies that gather for tea each year. They give to Birthing Hope for Mothers, Babies and Young Girls to have HOPE for their future. In 2017 eight acres was purchased for the Birth Hope Center. The need for the Center created a knowing that we must bring dignity and hope to young women. The Girl's Time Program began in 2018 to provide teaching and much needed monthly hygiene supplies to girls. It is a beautiful mission!

BIRTH HOPE CENTER TANZANIA

HOPE is something we can build our lives on. "It is confident anticipation that goodness is coming." This is a place a young girl in trouble and filled with shame can find HOPE, LOVE, JOY and a FUTURE!

Help us save young girls from sexual abuse! Abuse from just being a girl!

BIRTH HOPE CENTER

"For I know the plans I have for you" declares the Lord, "plans to prosper you and not to harm you, plans to give you *hope* and a future." Jeremiah 29:11

OUR MISSION: To provide a loving home and education or vocational training for outcast, pregnant, unwed teens, who are often victims of rape and abuse. Left alone they will be homeless and their babies often abandoned. The Birth Hope Center will position them for a bright new future and provide an environment for them to become the person God created them to be.

VISION: The Birth Hope Center is a place where young unwed mothers and their babies find hope, faith, love and joy. At the Center we see possibilities and provide opportunities for the young women of our Center. We empower them to earn a living so they are able to love and care for their baby or choose to love through adoption. We will not create dependency. Girls will receive an education that will produce confidence in their abilities to be part of their community. They will have power to love, work, help change their community and serve God faithfully.

YOU CAN GIVE HOPE!

Give online at: www.charamission.org

By Mail: P.O. Box 652 Concord, NC 28026 USA

Every dollar goes a long way in Tanzania with the cost of living and our dedication to good stewardship. For a donation of any amount know you will birth hope in the life of a young girl.
